Professional Summary

Inspired individual who thoroughly enjoys creating and innovating software. A determined engineer who wants to expand their skill set and develop dynamic solutions while emboldening relationships. Looking for work in a progressive environment where individuals are encouraged to perform to the best of their ability.

Experience

Jun 2021 - PRESENT

Alfapet Inc.
Godfrey, IL

Software Coordinator

- Inventor and publisher of a company-requested website that analyzes cat pan liner data and determines which Alfapet product would most appropriately fit their cat's needs.
- Assisted with developing an up-to-date system which printed SSCC-18 labels for Walmart product orders.
- Worked with upper management to create an application that more efficiently sorted and effectively organized orders on the warehouse floor.
- Maintain software systems and troubleshoot software problems when necessary.

Education

December 2022

Southern Illinois University Edwardsville (SIUE)

Bachelor of Arts in Computer Science
Minor in General Psychology

Skills

- Front-End Development (ReactJS, TailwindCSS)
- Collaboration and Communication (Git, Github, Discord)
- Object-Oriented Programming (mostly Java but familiar with C / C++)
- Python
- Creative Design (Aseprite)
- Publishing websites and Configuring DNS (Squarespace, formerly Google Domains)
- Databases (MongoDB atlas, Mongosh, MySQL)
